

# LEARY AWAITS AMITY MOVE BY CROSS

## Conference May Go Over Until Coming Week

Warring Factions of State Democratic Machine to Break Bread at Peace Meeting to Be Arranged By Governor—Leary's Renomination Sensed

Controller Daniel J. Leary of this city was today awaiting a call from Governor Wilbur L. Cross for a "peace" conference between the "Old Guard" and "New Guard" factions of the state democratic organization. Up until early this afternoon he had received no news from Hartford. It is likely, it was reported today, that the conference may be allowed to go over until next week.

Controller Leary, with ex-Mayor L. E. Fitzgerald of New Haven, represent the "Old Guard" on the special conference committee decided upon last week following a general meeting in Hartford. The "New Guard" is represented by former National Committeeman Homer E. Cummings of Stamford and Dr. E. G. Dolan of Manchester. Governor Cross is to sit as the chairman of the conference. Efforts are being made to have a peaceful program arranged at before the democratic state convention convenes in New London next month.

That Controller Leary will be nominated for lieutenant-governor at the state convention, was the belief of the "Old Guard" leaders throughout the state today. However, Mr. Leary, himself, has not campaigned for the honor but his many admirers are urging that he take the place on the state ticket once more in view of his excellent showing of two years ago when he ran only a little ways behind Governor Cross.

The only likely opponent of Controller Leary will be ex-Mayor Fred Atwater of Bridgeport. He is campaigning actively for the post and has sent letters to various delegates and town chairmen asking for their support. He is a "New Guard" supporter. It is likely that he and Controller Leary will get together on the matter before long and discuss the oncoming contest.

In other parts of the state today quiet reigned in the democratic ranks with the exception of Windsor where the "Old Guard" con-

trolled the city convention last week. There the "New Guard" leaders have entered a protest to the printed candidate list bearing the words "Alfred E. Smith Carry Connecticut Club." The claim is that this ticket was used illegally in the caucus last week by the "Old Guard." A copy of the ticket has been forwarded to State Chairman David A. Wilson of Hartford and National Chairman James A. Farley of New York.

In New Haven Town Chairman David J. McCoy emphatically denied reports that he is a candidate for the nomination of judge of probate to oppose the present g. o. p. incumbent, Judge Gilson. Chairman McCoy declared that he is not and will not be a candidate for any elective office.

Here in Waterbury plans have been completed for the local probate convention which will be held at 8 o'clock to-morrow night in the City Hall. Delegates favorable to the renomination of Judge Dennis J. Slavin will be elected to attend the district probate session.

## League of Nations Report Will Not Satisfy Japan

Geneva, Aug. 24.—(U.P.)—The League of Nations commission which investigated Manchurian conditions has finished its report, president of the commission Lord Lytton informed the league secretary at today.

Officials here did not hide the fact that the report would be unsatisfactory to Japan, since it is based on the League of Nations covenant, the nine power pact, and Secretary of State Stimson's contention that Manchuria is still Chinese territory.

## THRILLS FILL LIFE OF NEW ENVOY

Enough thrills to fill a novel have been packed into the life of Norman Armour, above, counselor of the American embassy in Paris, who has just been named minister to Haiti. Shortly after his marriage to Princess Myra Koudachoff in Russia in 1918, he saved her life in the revolutionary disorders. Ordered out of Volodga, Russia, where he was serving as a connecting link between U. S. consuls, he refused to go and was escorted out by Bolshevik troops. When a band of revolutionaries boarded the train en route to Moscow, Armour burned the red and green secret codes of the state department and got through safely. No kin to the Chicago Armour, he is the son of a wealthy New England family and a Princeton graduate.
